

3M™ Coban™ NL Non-Latex Self-Adherent Wrap

Designed to adhere to itself, not skin

Comfortable and versatile hold

Give patients the protection they deserve with Coban NL Wraps. Unlike tape and some other wraps, Coban NL Wraps adhere to themselves without adhesive or clips. They're also available in single-use length rolls to help reduce the risk of cross-contamination.

Reliable hold

Maintains compression and is an excellent choice when you don't want to stick to skin

Skin performance

Delivers the securement power you need while minimizing damage to skin

Easy to use

Can be torn by hand and is easily adjusted during application

Helps reduce risk

Single-use length rolls can help reduce the risk of cross-contamination

3M™ Coban™ NL Non-Latex Self-Adherent Wrap

Clinical application: Non-adhesive Securement

- Blood draws
- Dressings
- Immobilization
- Secondary securement for difficult to dress areas (head, fingers, toes)
- Supports and provides mild compression for soft tissue injuries (i.e. strains, sprains)*

Suitable for all patients, including those with fragile and at-risk skin.

Wrap material: Nonwoven, elastic

Skin performance: The feather designates products that deliver the securement power you need while minimizing damage to skin.
